Email: [wenmelmack@cs.com](mailto:wenmelmack@cs.com)  
I can help you make your home a safe,  
healthy place. There are many hazardous  
toxins and chemicals in your home, in  
your personal care products (i.e.  
toothpaste, shampoos, lotions, etc.) and  
cleaners. I work with the Wellness  
Company. I have researched information  
from government agencies about these  
toxins and chemicals: how they are  
affecting our children's health-and our  
health. My goal is to educate everyone  
about these health hazards and the safe  
alternatives available to replace those  
products. I help people create a safe  
healthy environment in their homes. Also  
I do speaking engagements upon request  
for business.
